

Website Title: DeckMaster Archive

Description: The Card Deck Database website is designed to help players learn about various cards used in our card game. It provides detailed information about each card, including its abilities, rarity, and how it affects gameplay. Users can explore different cards and understand their roles within the game. The website features a user-friendly layout to make finding and viewing card details easy and engaging. It's a valuable resource for both new and experienced players looking to enhance their game strategy.

Page Names: Home, Card Library, Card Details, About Us, Contact Us.

Description of Data: The DeckMaster Archive will store details about each card in the game. Each card will have a Card Name, which identifies it uniquely. The Card Type will categorize the card, such as spell, creature, or artifact. The Attributes section will include detailed statistics like attack power, defense, and any special abilities the card may have. Rarity will indicate how rare the card is, with levels such as common, rare, or legendary. Each card will also have a Description providing a summary of its effects and how it impacts gameplay. Additionally, an Image will visually represent the card, helping users to easily identify and understand it.
